PROSPECTUS

No. 2084 ST. CATHERINE STREET

MONTREAL, P.Q., CANADA

This College is conducted by the Fathers of the Society of Jesus. The studies are carried on in English. Monthly reports of behaviour, application and progress are sent to parents or guardians. Insubordination, continued neglect of study and bad conduct are ordinary causes of dismissal.

For some years past, side by side with the French Course, an English Classical Course has been successfully taught and well attended at St. Mary's College, Bleury street, Montreal. It has now been deemed expedient to separate the two courses, and to have the English Course in a building apart, under exclusively English control and direction. In view of this, suitable buildings have been secured close to St. Mary's College; and to these, for the present, the three lower classes of the English Classical Course will be transferred, and the school will be opened for the reception of pupils in September next, under the title of LOYOLA COLLEGE.

The classes will be as follows :

A *Preparatory Class* for boys not sufficiently advanced to enter the Classical Course, but who intend doing so; *Latin Elements* or *Rudiments*; *Syntax* or *Third Gram-*

mar. The higher classes from Second Grammar to Philosophy, until otherwise provided for, will be continued at St. Mary's College. The Fathers in charge will leave nothing undone to contribute to the well-being and advancement of the boys entrusted to their care and to confer upon them the blessing of a thorough Christian education.

The system of education followed in the Jesuit colleges is that set down in the *Ratio Studiorum* which has met with such success for centuries in the schools of the Society of Jesus in Europe and America. The aim is to develop the moral and mental faculties of the students, to make good Christians, good citizens, good scholars—men who shall be an ornament to religion and the upholders of Christian society. //

As only a limited number of boarders can be accommodated, early application should be made.
